 N.B. Please only Terracycle items which CAN'T go in the green wheelie bin AND check whether specific brands or all brands accepted.

How to prepare items for drop off

1. All **bags/wrappers/pouches** to be empty of contents and flattened, and preferably not folded
2. Outsides of all items to be **clean and dry**
3. Put them in a bag or a crate somewhere till you have enough to drop off.
4. Before dropping off you need to ensure items are sorted into separate schemes and contained in separate bags, old mailing wrappers or envelopes, reused if possible. These can then be put together in a carrier bag.
