<b>267/21</b>	<b>REVIEW of The Register Of Interests &amp; Other Interests Affecting this Agenda:</b>  Cllr <b>Hogger</b> declared an interest as a member of Guildford Borough Council's Planning Committee, and therefore doesn't comment on planning applications.  Cllr <b>Thorne</b> declared an interest as a parish council-nominated trustee on Effingham Village Recreation Trust, which provides a village hall and public recreation facilities for the residents of Effingham. Since the matters under discussion in items 271/21, 279/21 & 290/21 on the agenda is aligned with the powers and duties of this parish council as set out in legislation, I consider that my role as trustee will not affect my objectivity in relation to the matters while acting as a parish councilor, and I will participate and vote on these items as required.

Noting that the covid pandemic had disrupted the initial project for three years of MSF and that the conversion to a CIO was not completed, it was agreed that the clerk should write to EVRT inviting them to submit a plan for the use of MSF for 2022/23.</p>

**SURREY COUNTY COUNCIL – COUNCILLOR CROSS**

<b>286/21</b>	<p><b>Reports &amp; updates from SCC County Councillor Cross:</b></p> <p><b><u>Report provided:</u></b>  Fortunately Bahram Assadi has been retained as the SCC Highways link for our areas. He comes back from leave tomorrow and I hope to set up a meeting to discuss priorities and progress to date, upcoming budget issues etc. I am unclear as to what progress or otherwise is being made ref the H of E development and hope we might hear something from LH in that regard and I would like it known that she has my fullest support in her efforts to safeguard your parish interests and has done a great job to date.</p> <p>The current ( and rapidly becoming infamous ) closure by SCC of Ockham Rd N and its drastic effect on the many local shops, restaurants and businesses nearby is a prime example of where their concerns really lie. SCC would rather punish these hard pressed businesses at this key time , to the extent that they will lose circa £140.000 over the next 2 weeks, than tell a solitary developer he must wait till post Xmas to connect up one new house so it is fit for occupation.</p> <p>No amount of pleading or petitions ( from 800+ locals) has changed their minds so you have to wonder what power this one developer can bring to bear on SCC that an entire village can't ? Let our local parish councils be both aware and beware !</p>

289/21	<p><b>Other Financial matters:</b> Reports or correspondence relating to other finance matters:</p> <p>Cllr <b>Symes</b> reported on the Finance &amp; General Purposes working groups recommendation to agree a Spinal Column Point increase to the clerk's remuneration package. All councillors voted in favour of the increase.</p>
290/21	<p><b>2022/23 Budget:</b> The clerk's 3rd draft of the parish council's 2022/23 budget was considered at length. Councillors were keen to make provision for future boundary changes and possible planning appeals, however, were very aware of rising inflation and other factors affecting local residents. It was suggested that the budget shouldn't increase by more than 2% (from £121,770 in 2021/22 to £124,202). Cllr <b>Hogger</b> motioned to agree a £124,202 budget, Cllr <b>Cornwell</b> seconded the motion. The motion was passed with 5 councillors voting in favour and 2 abstaining. The 2022/23 band D precept is calculated to be £88.41. (the 2021/22 band D precept was £87.64)</p>

### Planning

273/21

**21/P/02152** **Beechlawns**, Outdowns, Effingham, Leatherhead. KT24 5QP

Certificate of Lawfulness for existing use to establish whether the use of Stable Cottages as a single dwelling began more than 4 years before the date of this application.

#### **Objection**

There is insufficient evidence in the documents provided to prove that the use of Stable Cottages as a single dwelling began more than 4 years before the date of this application.

**21/W/00128** **Grass verge near King George V Hall**, Browns Lane. KT24 5ND

Prior notification under schedule 2, part 16 of the Town and Country Planning (General Permitted Development) (England) Order 2015 for the installation of a "slim line" phase 8 monopole c/w wraparound cabinet at base, 3no. additional ancillary cabinets and associated ancillary works.

#### **Objection:**

This is not a sustainable location for a mobile phone mast. The location is within the Effingham Conservation Area and

a tall unattractive phone mast and would be very visible from all directions and as such out of character with the Conservation Area.

The proposed location of the mast and equipment is very close to a KGV children's playground, which is situated on the other side of the hedge. It is also just across the road from Browns Field where there is a school sports field.

Does the precautionary principle not apply with regard to the siting of masts, and associated equipment, near school playing fields and children's playgrounds? The KGV fields are used by many local children including the Effingham and Leatherhead Rugby Club (their minis section also uses Browns Field on Sundays) and by Bookham Colts, a football club for children. Browns Field is also used by school pupils throughout the school week.

The actual location of the mast site seems to differ on different documents, but this objection assumes it is opposite the Brown's Field entrance to the school playing fields, on the western side of Browns Lane. This field is part of the facilities of the Howard of Effingham School.

The list of alternative sites does not include the existing phone mast on Guildford Road (A246), opposite the junction with Woodlands Road. Mast sharing or a second mast there should be considered.

**21/P/02281 The Royal British Legion Club, Lower Road, KT24 5JP**

Advertisement consent for 2 externally illuminated fascia signs.

**Informative request:**

Effingham Parish Council request that the Neighbourhood Plan polices ENP-ENV4 be considered when determining this application, and that any illumination be designed to minimise light pollution and be timer controlled.
